

Google TV™

Everything you stream. All on one screen.

Access 400,000+ movies and TV episodes, all in one place. Google TV™ brings your favorite content from across your apps and subscriptions and organizes them just for you*.

Google TV is the name of this device's software experience and a trademark of Google LLC. Google, Android TV, YouTube, Google Cast, and other marks are trademarks of Google LLC.

Some apps, content, and/or features may not be available in all countries. Subject to availability.

Android TV™

Simplify your entertainment experience with Android TV.

Discover 400,000+ movies and shows in one place. Ask Google Assistant to control your TV with your voice. And cast your photos, videos, and music from devices to your TV easily with Google Cast*.

Some apps, content, and/or features may not be available in all countries. Subject to availability. Google Assistant is not available in certain languages and countries. Requires internet connection. Casting optimised for selected services only.

Google Assistant

A faster way to the entertainment you love.

Your projector is more helpful than ever. Ask Google Assistant to find movies, stream apps, play music and control your projector - all with your voice. Even get answers, control smart home devices and more*.

Google Assistant is not available in certain languages and countries. Requires internet connection and compatible devices sold separately. Subscriptions for services may be required.

Google Cast

Stream from your phone.

Easily cast movies, shows, photos, and more from your phone or tablet, right to your projector*.

Casting optimised for selected services only. Streaming quality for other content may vary. Supported operating systems and devices: Android 2.3 and higher iOS® 7 and higher, Windows® 7 and higher, Mac OS® 7 and higher, and Chrome OS (version 38 or higher).

No1 in projection

2001 to 2022, 500-lumen and above, excluding screenless TVs, Futuresource Consulting – Quarterly Projector Market Insights – Worldwide Analyzer CY22Q4.

Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP projectors based on NPD sales data for January 2022 to December 2022.

Under 20ms input lag rate (please change to FAST mode in image setting)

There is no official standard for Input Lag measurement and this measurement is made based on the method set by Epson. Please note, each manufacturer measures Input Lag independently according to their own methods and therefore it is recommended to use as reference. Projector input lag varies in consequence of a difference of input signal, setting conditions and so on.

Enjoy top tier 4K resolution through the HDMI 2.1 port

EH-LS11000W/EH-LS12000B only.
