

9 September 2024

Statement on Compliance with the EU General Product Safety Regulations

To whom it may concern,

At Epson, we are committed to maintaining the highest standards of product safety and quality. We confirm that Epson will be fully compliant with the EU General Product Safety Regulations (GPSR) 2023/988/EU, which will come into effect on the 14th of December 2024.

Epson products comply with the appropriate EU directives. Some products not covered by these EU Directives, comply with the GPSR. Epson is committed to providing and maintaining the highest standards of product safety and quality for all our products.

Note for our German-speaking customers:

The indication of an internet domain is sufficient. The EU has issued a corrigendum to the German translation of the GPSR, which clarifies that 'electronic address' should be translated as 'elektronische Adresse' and not as 'E-Mail Adresse'.

To complete your databases and support you to comply with the obligations the GPSR puts on you as an economic operator we would like to provide you with the addresses of the manufacturer and the Authorized Representative:

Manufacturer

Seiko Epson Corporation
3-3-5, Owa,
Suwa-shi, Nagano 392-8502
Japan

www.epson.com

Authorized Representative and Importer

Epson Europe B.V.
Atlas Arena, Asia Building
Hoogoorddreef 5 1101BA Amsterdam
Netherlands

www.epson.eu

Customer safety remains our top priority, and we will continue to work diligently to ensure that all products bearing the Epson name uphold this commitment.

For further information or inquiries regarding our compliance with the EU General Product Safety Regulations, please contact our customer service team.

Sincerely yours,

Boris Manev
