

A3 capability Advanced productivity

Epson's new A3 sheetfed scanner range delivers high performance and offers wide media flexibility. It is ideal for use in busy departments and front offices with high-volume scanning requirements.

Speed

With fast scan speeds of up to 90ppm/180ipm, Epson's compact A3 scanner range allows businesses to meet the demands of the busiest departments.

Model shown: DS-32000 in horizontal mode

Endurance

This range of robust A3 scanners handles high volumes with ease and is capable of scanning the widest range of media¹. Both models feature market-leading duty cycles - scan up to 40,000 pages a day.

Versatile

A suite of document-processing technologies make it easy to scan a wide range of different-sized documents, including ID cards, large bound documents and passports.

Compact

Ideal for front offices with a limited amount of space available, both models have a compact footprint on the desk when operating, and the DS-32000 folds into an even smaller footprint when not in use.

Model shown: DS-32000 in compact mode

High capacity High volume scanning

When speed and performance are your priority, these compact sheetfed scanners combine class-leading performance with fast and accurate results.

Key features

Epson Document Protection Technology

Friction reduction
Load sensors
Ultra-sonic sensors
Skew and staple detection

Auto switching background

Create brighter whites
Reduce background bleed through
Improve OCR results
Enhanced image cropping for improved compliance

Controlled stacking features

Slow mode
Double feed detection skip
Automatic feeding mode
Delicate, normal and manual feed modes
