Thinking laser?
Think again

**Save up to 50% on printing in 3 years
compared to mono laser printers[1]**

EPSON®
EXCEED YOUR VISION

Why choose an EcoTank mono printer?

Save up to 50% on printing in 3 years compared mono laser printers[1]

From the start you have enough ink to print up to 11,000 pages[3], cutting costs and saving time as you're not frequently changing toner.

Ink equivalent to

5

laser toners[1]

Save time and energy

Printing is fast with no warm-up time and print speeds of up to 20ppm[4]. EcoTank mono printers can also save you up to 95% in power consumption compared to mono laser printers[5], meaning you can cut energy usage and reduce overheads.

Save up to

95%

in power consumption[5]

Easy to use

EcoTank has a large refillable ink tank that is filled with the included ink bottles. This ink filling system minimises spills with bottles that feature a key-lock design to ensure the tank is filled with the correct ink.

Peace of mind

EcoTank printers provide Epson quality, speed and reliability, giving you true peace of mind backed up by a minimum 1-year/100,000-page warranty, plus a free promotional 3 year warranty extension: www.epson.eu/printerwarranty

We've changed printing forever

Epson's EcoTank mono printers provide an ultra-low-cost printing solution plus they're reliable and easy to use too.

Ultra-low-cost printing

Thanks to the integrated high-capacity ink tank, ink is supplied continuously to the printer, you simply top up the tank with Epson ink bottles and keep on printing. Not only is it more convenient, they come with up to 11,000 pages' worth of ink included in the box[3], so it's much better value too.

Lock and fill system

The ink filling system minimises spills with bottles that are easy to open and have an airflow system so squeezing is not necessary during the filling process.

Integrated printhead

EcoTank printers feature a built-in permanent printhead for hassle-free, reliable printing.

Epson Connect

Print and scan from anywhere

Epson Email Print[6]

Print your photos and documents from anywhere in the world. Simply email your files to your printer's unique email address for automatic printing.

Epson iPrint[6]

Print or scan your photos and documents from your smartphone or tablet. Download and install the free app, and you're ready to print over Wi-Fi. Available for iOS and Android.

Other Mobile Solutions

Wi-Fi Direct

No wires, no router, no fuss. With Wi-Fi Direct there's no need for a permanent internet connection or Wi-Fi network. Simply connect your smartphone, tablet or laptop to your printer's Wi-Fi signal and select your photo or document to print wirelessly.
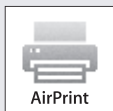

Apple AirPrint[7]

Print wirelessly from your iOS device to a nearby AirPrint-ready Epson printer.

Google Cloud Print[8]

Print on the go from your smartphone or computer directly from Chrome OS using Google Cloud Print-enabled apps.

Committed to corporate and social responsibility

Epson is committed to developing environmentally conscious products, which means that sustainability is considered from conception to completion. We help customers recognise the environmental gains brought on by technology, whether it is redefining manufacturing through innovative robotics, saving energy with our office printing technology or revolutionising textile printing with digital solutions.

We are committed to all 17 United Nations' sustainable development goals and to the aims of the circular economy. We offer sustainable innovations because we recognise that the choices we make as organisations, individuals or a society will be essential to our shared success.
