

EPSON®

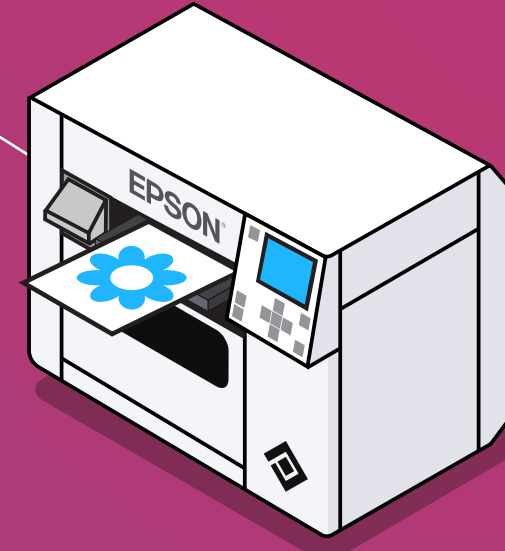

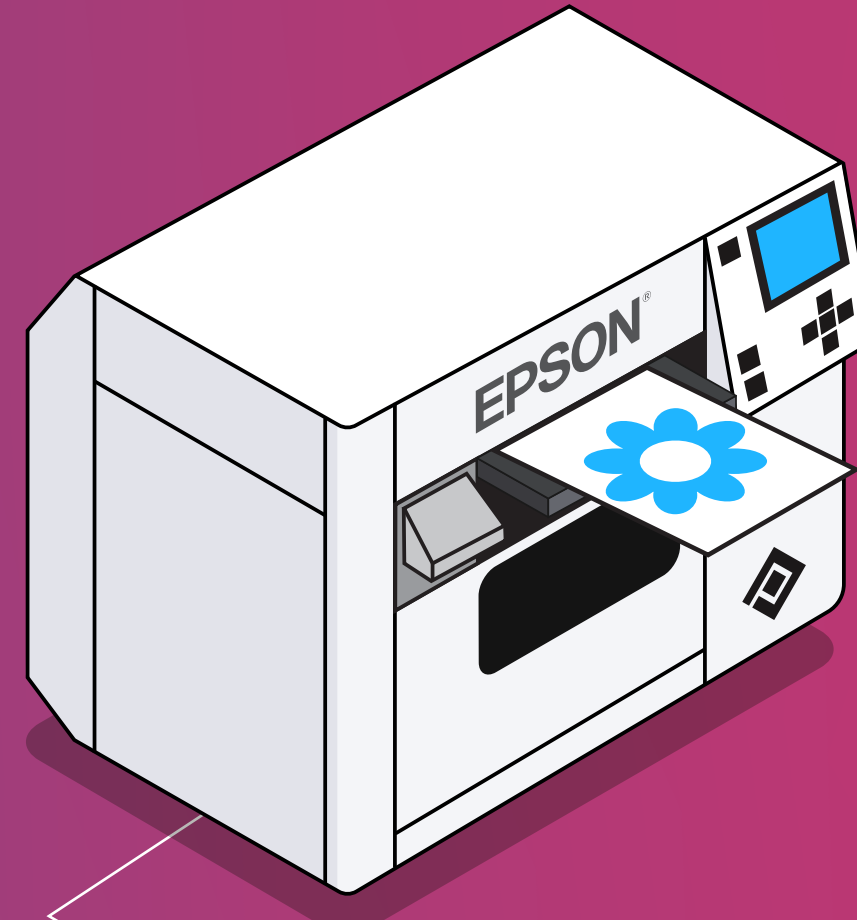

Access efficient visitor pass printing

Streamline the process with our easy-to-use app for Epson ColorWorks printers

1

Connect effortlessly via Wi-Fi

The app automatically detects and links to your ColorWorks printer

Compatible with Epson CW-C4000e series printers

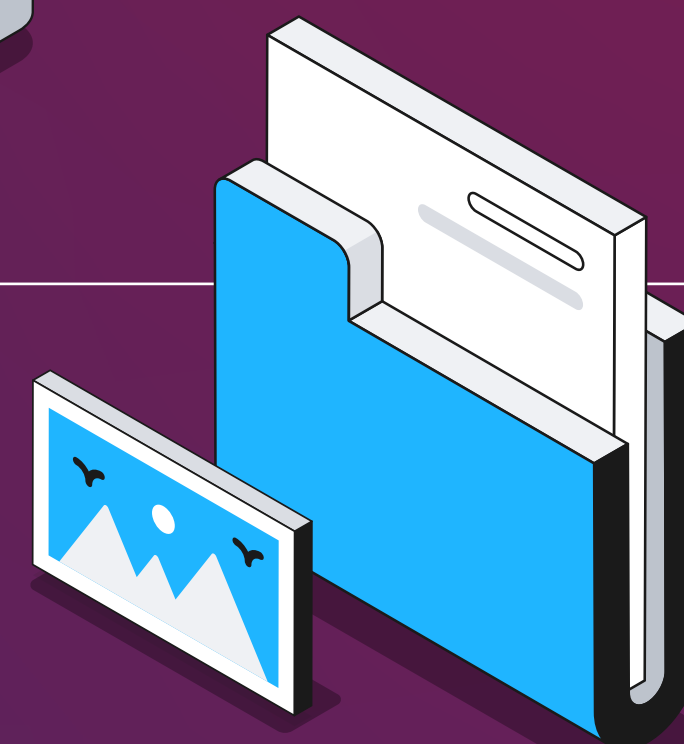

2

Add and customise templates with ease

Printer downloads the template to its memory, speeding up the printing process

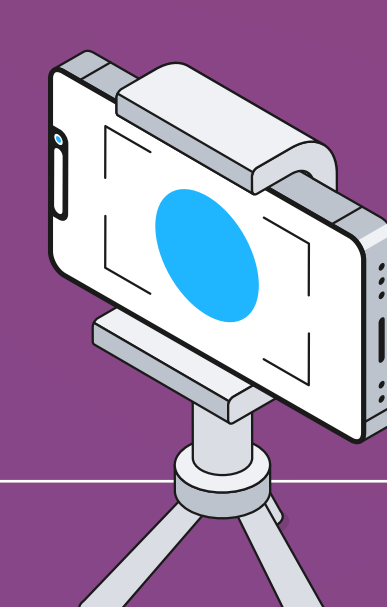

Rotate and upload new templates and images directly from the app

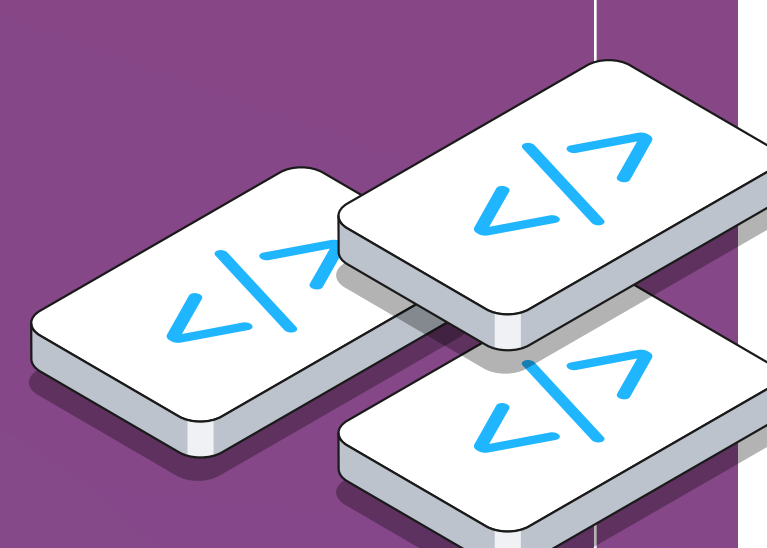

3

Batch print multiple passes efficiently

Ideal for reception desks and small events

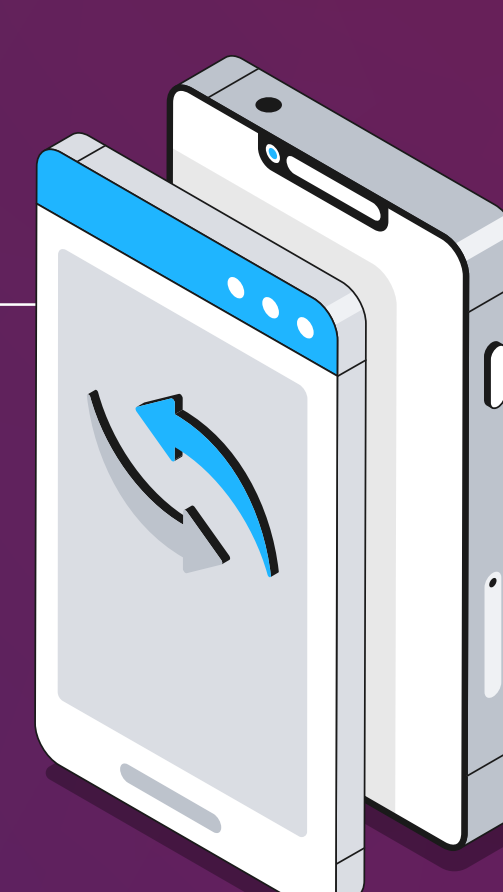

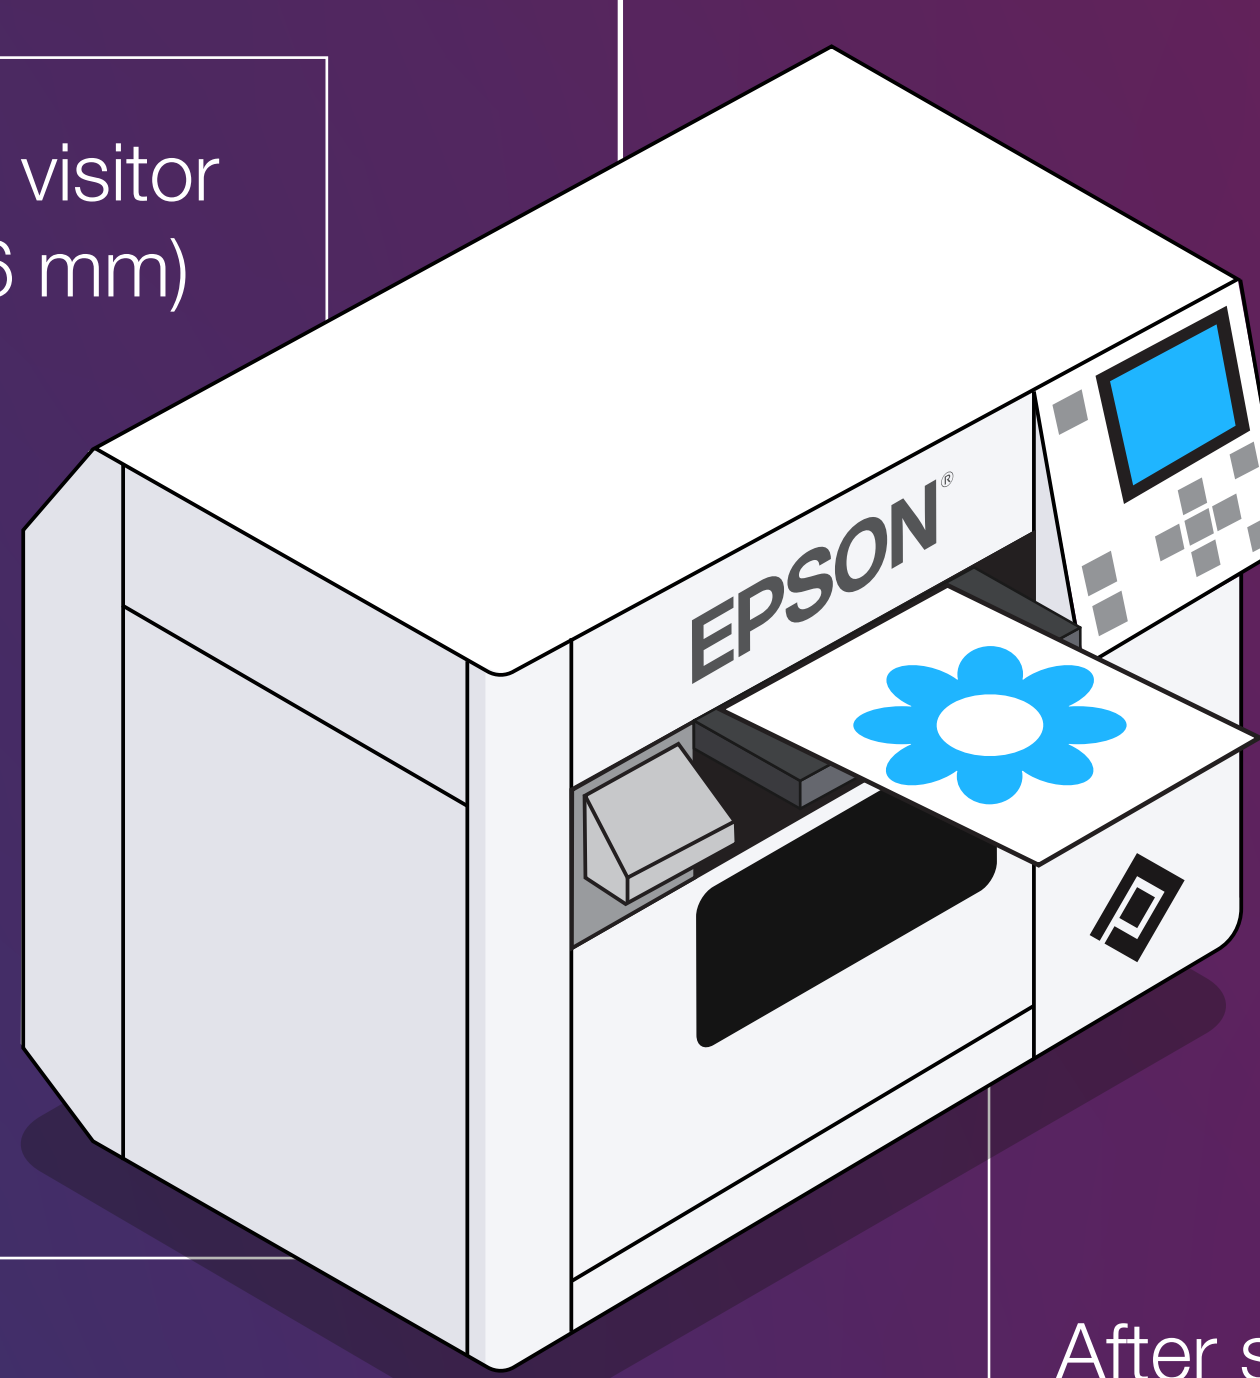

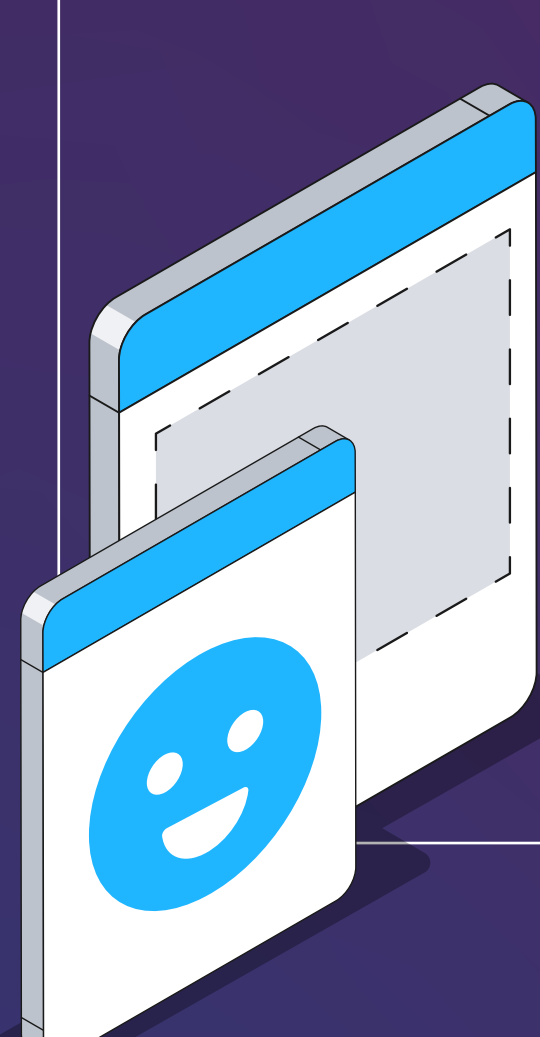

Upload guest list from a CSV file and take visitor photos for use on passes

4

Print on-demand visitor passes, fast

Supports standard visitor pass sizes (54 x 86 mm)

After self-service printing, the app returns to main menu, ready for the next visitor

Access all the benefits
