

Immersive Pro Wall (IPW)

Scalable immersive presentation wall - perfect for impactful events, exhibits, and education

The Immersive Pro Wall is a scalable immersive wall projection solution using three super-ultra-short-throw EB-815E projectors and three 120" ELPSC36 ALR screens to create an engaging, immersive and perfectly blended display. Ideal for conferences, exhibits, and learning spaces, this solution captures and retains audience attention with outstanding visuals in any environment.
