LabelWorks

Efficient labelling for maintenance and installs

EPSON®

EXCEED YOUR VISION

Introducing LabelWorks for industrial labelling applications

Whether your business is installation, maintenance or repair, Epson has the right label maker to suit you needs.

We understand that, when working in demanding environments, the importance of easy-to-use equipment can't be overlooked. That's why our durable, cost-effective and versatile products can help make you and your staff more productive, wherever you are working.

Whether you are looking for an affordable, efficient, high-volume product or a top-of-the-range, comprehensive printer with industry leading performance and unique functionality, Epson offers the right solution for you.

With fast, high resolution printing speeds, and Epson's market leading intuitive and easy-to-use software, it's never been quicker or easier to produce professional labels for a range of industrial applications.

And with the rugged design and additional protection features built-in to the LW-Z series, now you can print labels wherever your work takes you with the additional convenience of hands-free printing.

LabelWorks LW-Z700FK

Prints: Large range of continuous tapes in six widths from 4mm to 24mm

Who: Installers, maintenance and repair technicians and engineers

Fast, efficient and versatile 180dpi high volume label maker.

Compatible with a wide range of tapes including magnetic and Heat Shrink Tubes (HST).

Download company logos onto labels with symbol image data transfer functionally.

Rugged, durable design and hands-free print functionality.

LabelWorks LW-Z900FK

Prints: Large range of continuous and die-cut tapes in seven widths from 4mm to 36mm

Who: Installers, maintenance and repair technicians and engineers

High quality 360dpi printing at the fastest print speeds on the market of up to 35mm/sec[1].

Range of time-saving functions including Hot Keys, Drop Stop, Pick & Print and Mix Length.

Compatible with a wide range of tapes for every installation or maintenance task.

LabelWorks Pro100

Prints: Durable plastic labels for pipe marking, safety and security signage, as well as large identification signs. Temporary pre-cut paper labels for use in mail shipping or warehouses

Who: Facilities and maintenance departments

High quality, 300dpi printing on a range of plastic in two widths, 50mm and 100mm, for durable signage and security labelling.

Easy to use, cost effective, colour variation.

Create large signage labels up to 400mm with borderless printing.

Print up to four labels side by side.

LabelWorks LW-Z700FK

Carry out installation, maintenance or repair tasks more quickly and easily with the sturdy LW-Z700FK industrial label maker designed for use in even the toughest working environments.

There is a versatile range of compatible labels, including magnetic and heat shrink tube (HST), at six different widths and up to nine metres long. Printing at 180dpi resolution, the LW-Z700FK also comes with an easy to use image download so that company logos can be added to labels without the need to connect to a PC.

Print up to 50 different label lengths in a single job

Automatic full and half cutting

Long lasting lithium-ion battery

Save up to 100 label designs

Magnet for hands-free use

Qwerty/Qwertz and Azerty keyboards

Drop Stop

Handle

Pick & Print

LabelWorks LW-Z900FK

The LW-Z900FK is our top-of-the-range industrial label maker designed to keep installers and contractors working smoothly, efficiently and productively in any working environment.

Tape lengths of up to nine metres, and at seven different widths from 4mm-36mm[2], ensure cable wraps, heat shrink tube, magnetic, die-cut, glow-in-the-dark, reflective, heat resistant and adhesive labels can all be produced in high quality 360dpi print with maximum speed and efficiency.

Long lasting lithium-ion battery

Print up to eight tapes on a single charge[3]

Fully compliant to MIL-STD-810F[4]

Pick & Print

Automatic full and half cutting

Margin reduction to 1mm

Magnet for hands-free use

Drop Stop

Centrally positioned Qwerty/Qwertz and Azerty keyboards

Handle

LabelWorks Pro100

Simple to use and very cost effective, the LabelWorks Pro100 is the perfect solution for facilities and maintenance departments looking for an efficient and affordable way to print security and signage labels on demand.

Seven different colours of Olefin plastic tapes

Mix ink ribbon and plastic tapes for numerous colour variations

Automatic cutter

Choose 100mm or 50mm width

Over 1450 symbols and 400 label templates in Epson Label Editor

Custom margins from borderless to 1149mm

USB cable to connect to Windows PC

Label application tool with built-in spirit level
