

Bigger prints Smaller cost

Experience a new era of fast, low cost A3 printing

Cost-effective, environmentally efficient A3 printing

With Epson's WF-C8000 business inkjet range, spend less time and budget on up-keep, with no compromise on quality or performance. The no-heat technology of Epson business inkjet printing, along with no ozone emissions, means you can reduce your energy bills and reduce the environmental impact of your printing.

Not only delivering everyday A4 documents quickly, it also opens up a range of uses for A3 documents, such as in-house leaflets, brochure drafts for proofreading, Excel spreadsheets, construction site plans, worksheets for classrooms, booklets and much more.

Ozone emissions

Build a more productive workplace

High ink yield

Print up to 11,500 pages in black and 8,000 pages in colour with high capacity ink cartridges¹.

Intuitive interface

Speed up your office workflow with the easy to use and intuitive touch screen interface.

Versatile media

Print on a wide range of media, including recycled paper, glossy media, envelopes and labels.

Large paper capacity

Holds up to 1,835 sheets of paper.

Secure printing

Secure printing via Epson Print Admin, using an ID card, password or pin code using the WF-C8190 and WF-C8690.

Wireless printing

Turn your mobile device into a powerful productivity tool with wireless and NFC printing.

Useful tools for greater efficiency and security

The WF-C8000 series of multi and single function printers integrate simply and securely with your existing IT infrastructure. They bring with them new tools that your teams will find useful and easy to adopt.

Use your existing applications and workflows

The Epson Open Platform² allows you to easily integrate existing enterprise applications and workflows, as well as take advantage of third-party solutions. This adds extra flexibility that allows you to further customise use and apply your own printing policies.

Take control of usage

Control access and monitor usage using Epson Print Admin², a server-based solution that creates a secure printing, scanning and copying environment through user authentication. A simple way to prevent misuse and identify inefficiencies.

Manage remotely

Epson Device Admin allows you to easily manage an entire fleet of multifunctional printers from one screen. Install, configure, monitor and maintain your devices remotely, to save money and increase productivity.

Scan, save and share with ease

Document Capture Pro 2.0 enables individuals to scan, save and share information around the business easily. Advanced features for naming, separating and routing documents makes scanning easy – and logical. Save and send files in common formats such as PDF, JPEG and TIFF. Create simple job profiles for one-touch push scanning.

Stay secure and compliant

Epson has taken the right security measures across the WF-C8000 series to build safeguards which ensure that no data is saved.

Advantage Inkjet

Be more productive and reduce your environmental impact by switching to an Epson Inkjet printer.

Reduce energy consumption

Significantly reduce your energy costs by switching from a laser printer to an Epson inkjet printer. Epson inkjet printers use up to 96% less energy than a laser printer³.

Improve productivity

Switch from a laser printer to an Epson inkjet printer to save time and be more productive. An Epson inkjet printer is up to 3.5 times faster⁴ and requires up to 98%⁵ less user intervention compared to a laser printer.

Reduce waste

Switch from a laser printer to an Epson inkjet and reduce waste. Epson inkjet produces up to 99% less waste⁶ compared to a laser printer.

1 Approx. page yield. Actual yield will vary depending on images printed and usage conditions. For more information visit www.epson.eu/pageyield. Large / XXL cartridges compatible with WF-C8690 and WF-C8190 only.

2 Only compatible with the WF-C8690.

3 As tested by BLI, over two months to Feb 2015 as commissioned by Epson. Competing models selected from the top ten colour laser MFP vendors based on IDC EMEAR data for 2015 within the 11-30ppm colour laser A4 speed range category. Energy consumption calculated in kWh for 5 minutes printing, compared to laser printers and copiers.

4 As tested by BLI, over two months to Feb 2015, FPOT (First Page Out Time) from overnight sleep, against all competitive machines tested at time of publication. For more information visit www.epson.eu/inkjetsaving.

5 In independent tests, Epson's WorkForce Pro RIPS models cut time spent on interventions by up to 98% compared to lasers and laser copiers. As tested by BLI, over two months to Feb 2015, against a selection of competing machines, as commissioned by Epson. For more information visit www.epson.eu/inkjetsaving.

6 In independent tests, Epson's WorkForce Pro RIPS models produce up to 99% less waste than lasers and copiers. As tested by BLI, over two months to Feb 2015, against a selection of competing machines, as commissioned by Epson. For more information visit www.epson.eu/inkjetsaving.
