Release the potential of a dynamic workflow

EPSON®
EXCEED YOUR VISION

Software

Epson's software suite is a range of easy-to-use solutions for scanning, separating and sending documents around your business and beyond.

Capture

Document Capture Pro 2.0 enables individuals to scan, save and share information around the business easily. Advanced features for naming, separating and routing documents makes scanning easy – and logical. Save and send files in common formats like PDF, jpeg, tiff and many more.

Protect

Powerful, server based tools allow administrators to centrally manage job profiles and devices. Monitor fleet performance without having to install software on individual computers and ensure documents are securely protected and only accessed by people who need them.

Enhance

Epson Document Capture Pro 2.0 is designed to do more than just scan and send a document. It features tools that enhance and improve the quality of an original document, ensuring that the best quality is achieved for future data use.

Auto rotate and deskew

Automatic paper size detection

Colour enhance/dropout

Text enhancement

Separate

Use advanced built-in features to automatically sort and separate batches of paper documents from each other to boost productivity and automate processes.

Zonal OCR

1D and 2D barcodes

Patchcode

Pre-defined templates

DS-410, DS-530, DS-780N

Range overview

Compact

Utilising its compact design, the WorkForce sheetfed range can be positioned in front offices and customer-facing environments for ease of access.

Versatile

Featuring best-in-class paper feed technology, an industry first slow mode function, and innovative double feed detection skip function, it ensures the ability to scan challenging media from as thin as 27gsm through to 413gsm thick can be easily achieved.

Network

With advanced push scan features available on the WorkForce DS-780N, users can simply navigate to job profiles using an intuitive touch screen panel so that complicated scanning tasks can be carried out effortlessly.

Connected

Wi-Fi and Wi-Fi Direct come built in on the WorkForce DS-570W, allowing users to easily transfer documents directly to a smartphone or tablet for easy storage or for routing to cloud service platforms such as accounting or expenses.

Endurance

WorkForce sheetfed scanners offer production-level performance. With speeds of up to 85 pages per minute or 170 images per minute, 9,000 page-per-day duty cycles are possible, allowing businesses to meet the demands of the busiest departments and the most challenging media.

Modular

The optional flatbed conversion kit is ideal for businesses with occasional flatbed requirements, allowing bound documents, ID cards, passports and other irregularly shaped documents to be scanned in fine detail.

Better customer-focused service

Complete with on-device control panel lock functions and authentication protocols, Epson scan solutions can be placed into office or customer-facing environments for assisted service and self-service applications.
