Scanning solutions for every business need

EPSON®

EXCEED YOUR VISION

Document management made easy

Create a better business environment with the support of a global leader in scanning solutions. The Epson scanner range offers high performance scanning solutions.

Purchasing considerations

The Epson scanner range offers a variety of options to suit many business requirements. To ensure every user selects the right device for their needs, we advise considering these key factors:

Why are you scanning?

Compliance and security

Improve productivity

Storage and archiving

Media

What needs to be scanned?

Are they all standard sizes, or do they vary?

What are the different types of media?

People

Who is doing the scanning?

How frequently do they scan?

What volume do they scan?

Location

Where is the scanning happening?

Does one office need a scanner, or multiple branches?

Do mobile workers need to scan?

Our credentials

30 years of experience

Epson made its first scanner in 1986, and we have been growing since

1 in 6

Document scanners sold around the world are Epson

Wide media handling

If Epson prints on it – we can scan it

Award-winning designs

This includes the Red Dot Design Award 2019 and BLI Summer Pick Award 2019 for our mobile scanners

Award-winning scanning

Epson develops sustainable office technology. Our products contribute to a waste-less society and circular economy through its range of printers, scanners, and TCO-certified projectors.

Epson ES-50/ES-60W/DS-80W

Modern government solutions

Throughout government departments, forms and applications are initiating crucial processes – from immigration and social welfare to planning and licensing. Epson document scanners are deployed to automate front and back office processes so that staff can provide a modern, secure and efficient level of public service.

Front office

Ideal for busy reception environments with a requirement for high accuracy, our scanners are designed to capture documents, forms and public identification for streamlined record-keeping.

DS-1630   DS-530

Back office

Volume scanning capabilities facilitate case management and enable large documents to be stored in line with corporate policies.

DS-780N   DS-870   DS-32000

Consider DS-32000

Transform your scanning environment with a high-volume scanner that adjusts to meet your professional needs.

Speed at 300 dpi: 90ppm / 180ipm

ADF: 120 sheets

Daily duty cycle: 40,000 pages

Specialist

From tax payment processing in front offices, to large format scanning within planning and building, Epson have a range of market-leading scanning solutions.

TM-
S9000II-MJ

Surecolor
SC-T5400M

Technology focus

Put users in control of the job they are completing with advanced technology.

Slow mode enables documents to be captured more easily by reducing the roller speed without increasing file sizes.

Double feed detection skip means difficult documents like envelopes and post-it notes can be processed rapidly.

Efficient healthcare solutions

Achieve absolute precision across the healthcare sector.
Our scanners capture the widest range of media – from X-rays
and film, to aged medical records and long document reports
for streamlined patient care.

Specialist

Using the latest software, capture photographs,
negatives and X-rays in high resolution detail,
and to international standards such as DICOM*.

*Additional software required at extra costs

Recommended products:

Perfection V850	Expression 12000XL	Expression 12000XL Pro

Back office

Digitise the most challenging of medical records.
Epson's high-speed A3 and A4 production devices
with high capacity feeders offer the flexibility required
to scan every document in the file.

Recommended products:

DS-70000	DS-970	DS-30000

Consider DS-70000

Epson's robust A3 flatbed document scanner
is fast with impressive duty cycles.

Speed at 300dpi: 70ppm/140ipm

ADF: 200 sheets

Daily duty cycle: 8000

Epson's flatbed conversion kit enables customers to easily digitise difficult documents like X-rays and aged medical records.

Compatible with:
DS-530, DS-770, DS-870 and DS-970

Front office

Scan directly to secure collaborative work areas or cloud services at the touch of a button. For doctor's surgeries, busy reception desks, where space is limited and efficient document processing is a necessity.

Recommended products:

DS-570W   DS-360W   DS-80W

Shared spaces and agile mobile working solutions

From traditional mobile environments such as field sales and logistics applications, to modern hot desking and the gig economy, businesses need to safeguard information by digitising documents promptly.

Create an efficient home office

Using Epson's latest ScanSmart software, it has never been easier to scan, save and send documents.

Recommended products:

ES-50   ES-60W

Open plan

Complete with on-device control panel lock functions and authentication protocols. Build Epson scan solutions into customer facing environments for assisted service and self-service applications.

Recommended products:

DS-780N

Wi-Fi and Wi-Fi Direct connection

Scan at the point of need with Wi-Fi Direct scanning solutions. Enable employees to link mobile devices directly through software applications and responsive software for enhanced workforce efficiency.

Recommended products:

DS-1660W   DS-360W   DS-570W

The mobile office

Build an office on the move with class-leading compact mobile solutions. Print with a WF-110, scan using a DS-80W and project with the EB-1795F.

Recommended products:

Scan   Print   Project

DS-80W   WF-110W   EB-1795F

Epson Workforce DS-80W/ Workforce ES-60W
Outstanding Mobile Scanner

Technology focus

Model shown:
DS-780N

Document Capture Pro

Powerful, server based tools allow administrators to centrally manage job profiles and devices.

Monitor fleet performance without having to install software on individual computers and ensure documents are securely protected and only accessible by people who need them.

Accurate legal solutions

Manage legal documentation with ease – know how a document is scanned, where it is scanned and who scanned it, with a range of Epson scanners that capture every aspect of a case.

Home office

Quickly capture information at a moment's notice and save to a remote digital server or storage device, with compact solutions ideal for customer-facing environments.

Recommended products:

DS-310

DS-530

DS-360W

DS-770

Back office

Make it easy and quick to keep accurate, complete digital records with a scanner designed for bulk and volume scanning environments. Save on document preparation with innovative software features like auto rotate to create perfect digital files.

Recommended products:

DS-32000

DS-70000

Focused finance solutions

Reduce time spent digitising documents with Epson's scanners for financial services and insurance. From processing new customer applications to the addition of records within an existing claim, you can ensure you still meet your existing workflow processes and front office legal obligations.

Counter services

Quickly process, digitally manage and authenticate everyday transactions such as cheque and account applications. These compact, efficient network solutions allow documents to be sent directly and securely to head office departments for onward processing.

Recommended products:

TM-S1000   TM-S90000II-MJ   DS-530

Bought ledger and credit control

Packed with advanced features like ultrasonic double feed detection, automatic feed mode, slow mode and double feed detection skip, users have all the functionality they need to scan high volumes of complex documents in a controlled and efficient way.

Recommended products:

DS-870   DS-30000

Consider DS-870

High-speed scanning with easy-to-use processing capabilities for effortless document management.

Scan speed at 300dpi: 65ppm/130ipm

ADF: 100 sheets

Daily duty cycle: 7000

Active education solutions

Bring learning to life with scanning solutions that encourage collaboration and sharing – scan multiple pages at once, and send them straight to Microsoft Sharepoint, FTP, Cloud storage or any other chosen location with ease.

Front office

Spend less time filing and more time teaching; create PDFs in seconds, ready for sharing with colleagues or students – or for filing. Efficiently manage large batches with ease by scanning multiple pages at once and create individual documents too.

Recommended products:

DS-310   DS-1630   DS-410

Specialist

Research and review with ease, enable students to use our specialist devices to scan research material – from graphics and large construction plans to newspaper information.
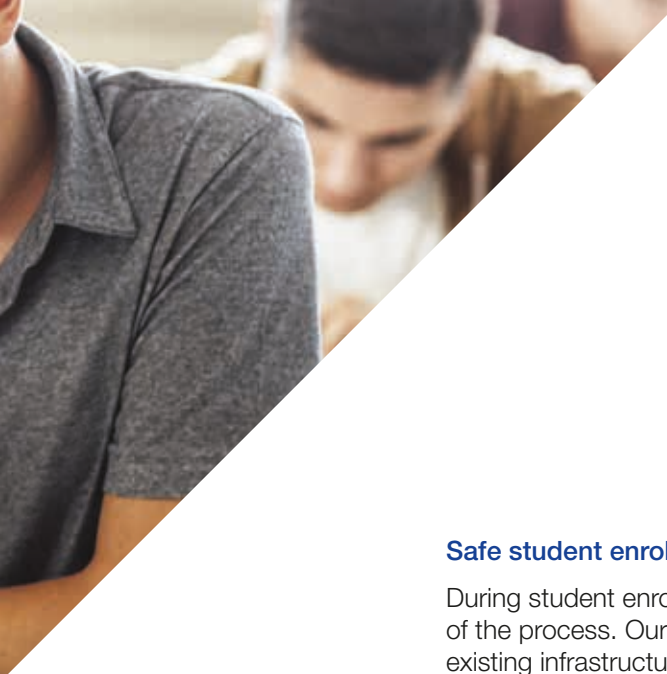

Recommended products:

Perfection V850   Expression 12000XL PRO   Surecolor SC-T5400M

Safe student enrolment

During student enrolment, capturing documents is a critical part of the process. Our scanning solutions integrate easily into your existing infrastructure and take the burden off your admin staff.

Consider DS-32000

Benefit from passport scanning and a flexible design. Collapse the scanner down for easy transportation and storage.

Scan speed at 300dpi: 90ppm/180ipm

ADF: 120 sheets

Daily duty cycles: 40000

Effortless integration and sharing

Epson scanners are designed for seamless integration into your IT environment with industry standard TWAIN, WIA and ISIS driver support.

With Epson Document Capture software, choose from a range of additional document destinations: Scan to cloud, Scan-to-Email or network folder share.

With our Wi-Fi Direct™ solutions, users can control business scanners with Android and Apple mobile devices through the Epson DocumentScan app. Simple solutions for agile workers and hot-desking.

Mobile scanner range

Create a mobile office with the support of a global leader in scanning solutions. Wherever your work takes you, produce high quality scans with Epson mobile scanners.

Software

Document Capture software suite makes it easy for beginners or experienced users to integrate Epson scanners into any document workflow.

Document Capture Pro

Capture

Capture and store electronic documents – scanning to cloud, FTP and Microsoft SharePoint.

Enhance

Enhance and improve the quality of scanned images, so only the highest quality files are created.

1. Auto-rotated
2. De-skewed
3. Enhanced text
4. Resolution
5. Hole punch removal
6. Dual output

Separate

Separate and sort documents, with automatic document separation features.

1. OCR
2. Fixed page
3. Blank page
4. Barcode
5. Patch code
6. Form name

Route

Route documents around your business easily with Document Capture.

1. Scan to local network folder or web
2. Scan to E-mail
3. Scan to print
4. Cloud services
5. Windows applications
6. SharePoint

Additionally, Epson has the capability to connect to incumbent document management solutions via TWAIN, ISIS, ICA or WIA. For further information, please contact your local representative.

Epson Device Admin

Our latest version of EDA enables you to easily manage an entire fleet of printers and scanners remotely[2] – with full control, including the ability to install, configure, monitor, maintain and troubleshoot your devices for increased productivity and cost savings.
