ColorWorks C7500 series

Driving efficiencies with Enterprise Labelling

EPSON®
EXCEED YOUR VISION

Improve efficiencies across the supply chain

Discover how ColorWorks C7500 series can become an important part of your operations.

Supply chains are becoming increasingly global to better connect with both customers and suppliers. In order to keep these large and complex supply chains connected, labels play a key role.

To keep things running smoothly, you need a label solution which is easy to implement and use, and offers flexibility where necessary.

Current challenges

Labels are pre-printed, which is expensive and takes up a huge amount of space
Manual process of selecting box labels often leads to costly mistakes

Inflexible, slow label operations hinder productivity and delivery times

Our solution - on-demand colour label printing

ColorWorks

- Take full control of design and production
- Reduce mistakes and costs
- Eliminate upfront costs for pre-printed labels
- Speed up production
- Free up valuable warehouse space
- Decrease wastage

Flexibility across industries

Logistics

Improve traceability by colour coding warehouse products

Reduce errors and delays

Save costs by reducing waste

Improve efficiency and productivity

Manufacturing

Automate your labelling process

Reduce the need for multiple box labels to just one, which includes all the information

Print from a centrally-controlled ERP to reduce errors

Achieve just-in-time production

Chemicals

Ensure GHS compliance

Avoid paying penalties and having products removed from shelves

End production delays due to label stock shortage

Change designs on the go and print as required
