

Home entertainment and home cinema projectors

Step into the action

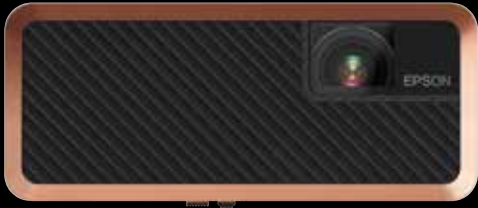

EPSON®
EXCEED YOUR VISION

Colourful images
on almost any surface

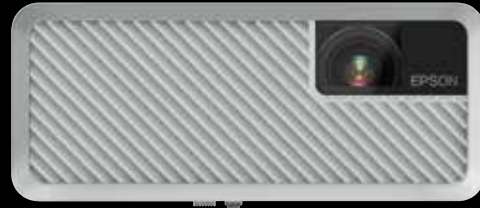

EF-100B

Easy-to-use, the EF-100 mini laser projectors give you large, colourful images on almost any surface. Compact and lightweight with built-in speakers, the 360° design means you can easily project in any direction on almost any surface you like. With easy connection for streaming devices, phones, laptops, gaming consoles and more. Simply plug in and play to enjoy rich, vivid colours.

EF-100W

The EF-100B has a stunning leather-like matte black finish, complimented by copper detailing, while the EF-100W has a stylish white finish with silver detailing on the outer.

Key features

- HD resolution for a crisp image
- Vibrant and realistic images even in daylight
- Streaming device compatibility
- Built-in speakers plus headphone port
- Bluetooth audio connectivity
- Automatic picture adjustment
- Up to 10 years of entertainment with long lasting laser light source ²

EH-TW7000

EH-TW7100

Immerse yourself in games, movies and box-set binges with the 4K capabilities of these projectors thanks to 4K PRO-UHD³.

Set-up is easy, with connections for streaming and other devices with two HDMI ports and Bluetooth audio.

You'll get vivid colours and clearly defined shadows from our 3LCD technology and an impressive dynamic contrast ratio up to 100,000:1 on these products.

Key features

- 4K PRO-UHD³, with HDR support
- High-quality vibrant images with 3,000 lumens
- Deep blacks with up to 100,000:1 contrast ratio
- Up to 500 inch screen size
- Built in 10W stereo speakers (EH-TW7100 only)
- Streaming device compatibility
- Bluetooth audio connectivity
- Up to 7 years of entertainment with long lasting lamp light source¹

Don't miss out on the detail

4K PRO-UHD³ delivers a bright, amazingly sharp lifelike picture by combining advanced Epson technologies with the ability to accept native 4K content and upscale non-4K content exceeding full HD resolution.

EH-LS500B

EH-LS500W

Enjoy the flexibility of home cinema projection in the smallest of spaces with the EH-LS500 range. These ultra-short-throw 4K PRO-UHD³ laser projectors can achieve a large display of up to 130 inches, when placed close to your wall.

Easy-to-use, you can store your streaming device in the back so you're always ready to play.

Choose your style, with the EH-LS500B in a sleek black finish whilst the EH-LS500W is in neutral white.

Key features

- 4K PRO-UHD³, with HDR support
- High-quality vibrant images with 4,000 lumens
- Deep blacks with up to 2,500,000:1 contrast ratio
- Up to 130 inch screen size
- Built in 10W stereo speakers
- Streaming device compatibility
- Up to 10 years of entertainment with long lasting laser light source²

Refreshingly easy to use

A general misconception is that projectors are difficult to set up but getting started with your home projector experience is easier than you may think.

Plug in

Connect your projector to a power source.

Turn on

Start the projector using the power button.

Link up

Connect your device to the HDMI port.*

Play

That's it! You're now ready to enjoy your home projector experience.

*Streaming media device, DVD player, Blu-ray player, set-top box, game consoles, smart devices and laptops.

A man and a woman are sitting on a couch, smiling and eating popcorn. The man is wearing a blue long-sleeved shirt and the woman is wearing a light pink sweater. They are both holding bowls of popcorn. In the foreground, an Epson projector is visible, projecting light onto a screen. The scene is dimly lit, suggesting a home cinema setup.

Screen-less TV

Mini laser / portable

Committed to corporate and social responsibility

Epson is committed to developing environmentally conscious products, which means that sustainability is considered from conception to completion. We help customers recognise the environmental gains brought on by technology, whether it is redefining manufacturing through innovative robotics, saving energy with our office printing technology or revolutionising textile printing with digital solutions.

We are committed to all 17 United Nations' sustainable development goals and to the aims of the circular economy. We offer sustainable innovations because we recognise that the choices we make as organisations, individuals or a society will be essential to our shared success.

The content of this publication has not been approved by the United Nations and does not reflect the views of the United Nations or its officials or Member States.

www.un.org/sustainabledevelopment

¹ Based on watching an average of 1 hour 45 mins film every day and the lamp set in Eco mode.

² Based on watching content for five hours every day with the projector in Eco mode.

³ 4K Enhancement Technology shifts each pixel diagonally to double Full HD resolution. Resolution is Full HD in 3D Mode.

⁴ EH-TW7400 does not support 10-bit 60Hz HDR.

⁵ WirelessHD function is available on the EH-TW9400W only across the 28 members of the EU in addition to Iceland, Norway, Saudi Arabia, Switzerland, Turkey and United Arab Emirates. Subject to change. Please contact your local Epson sales office for individual market availability.

⁶ Colour brightness (colour light output) in brightest mode, measured by a third-party lab in accordance with IDMS 15.4. Colour brightness vary depending on usage conditions. Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP projectors based on NPD data for May 2017 - April 2018.

⁷ Survey conducted by Futuresource Consulting Limited for the period from 2001 to 2018.

⁸ Gamut volume in brightest mode, measured by a third-party lab in 3D in the CIE L*a*b* coordinate space. Top-selling Epson 3LCD projectors versus top-selling 1-chip DLP projectors based on NPD sales data for May 2017 - April 2018.
