

Epson SureColor™ SC-S30610

Dear customers and business partners,

Building on the success of our wide-format printer range for signage and POS applications, we are pleased to introduce the new **Epson SureColor SC-S30610 with Advanced UltraChrome® GS2 Ink** — a 64-inch (162.6cm), four-colour (CMYK),

Advanced UltraChrome GS2 Ink does not require any special ventilation with brilliant colours.

In this kit, you will find a wide array of communication material to help you reach your customers:

- **A USB stick** featuring a product video, technical datasheet, advertisement and more
- **A swatch book** printed on a varied selection of compatible medias
- **A demonstration document** to guide you step-by-step through how to use the printer in the best possible way
- **A “3 Minutes to Convince” document** that highlights the strengths of the printer

We hope that you will find these tools useful and we look forward to growing our relationship with you.

The Epson Large Format Printing Team
