Epson
Scanners

Epson scanners capture photos and documents in incredible detail, make archiving a breeze and even bring faded or damaged images back to life.

Epson
Scanners

From archiving documents or old analogue photo libraries to making quick, high-quality scans on the move, the Epson range has the perfect scanner for you.

Our scanning technologies combine speed, accuracy and efficiency to make scanning a fast, easy process, whatever the format of originals.

Perfection V37

A superior-quality scanner that's ideal for photos, documents and scrapbooks. Scan at up to 4800dpi with virtually no warm-up time and a low power consumption.

– Scan to cloud with included Epson Document Capture software.
– Four easy scan buttons including scan to PDF and scan to email.
– Scan books and 3D objects with extendable hinge design.

Perfection V370 Photo

Enjoy instant scanning of films, photos and slides in amazing 4800dpi detail.

– Scan 35mm film and slides with built-in transparency unit.
– Scan to cloud with included Epson Document Capture software.
– Restore colour, remove dust and correct backlight with included Epson Easy Photo Fix software.

Perfection V550 Photo

Achieve superior-quality results with this dedicated photo scanner. Scan up to medium format film with 6400dpi resolution.

– Automatically remove dust and scratches from film with Digital ICE™ Technology.
– Scans up to A2 with Scan-n-Stitch technology.
– Share and archive your photos online – scan to photo sharing and cloud storage websites with Epson Easy Photo Scan software.

Perfection V600 Photo

Scan, restore and archive film and prints at 6400dpi and check every detail with the resizable preview window.

– Scan 35mm film strips, mounted slides and full panoramic medium-format film.
– Automatically remove dust and scratches from film and photos with Digital ICE™ Technologies.
– Low power consumption and virtually no warm-up time with Epson ReadyScan LED technology.

WorkForce DS-30

Epson's portable business scanner is light, compact and perfect for managing documents on the move.

– Weighs just 325g and powered by USB 2.0. Ideal for business cards, signed forms and more.
– Intuitive user interface and advanced document management suite including OCR software to convert your scans into text documents.
– Free download of Epson Document Capture Pro for seamless integration into any document workflow.

WorkForce DS-510

An A4 high-speed sheetfed scanner created
with demanding organisations in mind.

– High scanning speeds and fast data processing features.
– Document Capture Pro for easy integration into document
  management systems.
– Also available with an optional network interface unit
  (N model).

Epson
Lasers

Our business lasers are fast, compact and efficient. Combining high performance, great value and low maintenance.

Epson
Lasers

Epson colour laser printers provide peace of mind printing for small offices, handling large print jobs day after day with little maintenance.

They are very compact and fit easily onto any desktop, working hard, keeping costs low and making minimum impact on the environment.

Epson AcuLaser C1700 Series

Our most compact A4 colour laser printer range for small businesses. Neat, highly efficient and without compromising performance or quality.

– Fast print speed of up to 15ppm in mono, 12ppm in colour[*21].
– USB connections as standard.
– Network ready: Ethernet connectivity on the AL-C1750N, Ethernet and Wi-Fi connectivity on the AL-C1750W.
– Dependable operation: monthly duty cycle of up to 20,000 pages.

Epson
Projects

Project brighter, richer, more lifelike images and create stunning home cinema with Epson projectors.

Epson
Projectors

Epson has been the world leader in projectors since 2001[*23] with innovations that constantly transform home entertainment and business presenting.

Our projectors bring outstanding picture quality, flexibility and ease of use to a range of applications.

Up to
3X BRIGHTER COLOURS
with Epson Projectors[*26]

No.1 SINCE 2001
EPSON **WORLD LEADER IN PROJECTORS**[*23]

3LCD

Epson EH-TW490

The 720p HD-Ready home cinema projector that delivers rich, sharp images and easy operation at an affordable price point.

– High White and Colour Light Output of up to 3,000 lumens and a contrast ratio of 12,000:1, for easy daytime viewing.
– Easy to set up and connect to Blu-Ray, DVD, TV set-top box, PC and games consoles.
– Easy to carry around and take the big screen experience to another room or a friend's house.

HD ready

Epson EH-TW550

This portable, HD-Ready 3D projector offers in-depth gaming graphics and adds an extra dimension to the home cinema experience.

– 720p HD-Ready projector with immersive 3D cinema images and a specific colour mode for gaming.
– Utilising Radio Frequency (RF) 3D glasses (not included) and supporting a wide range of 3D sources[24].
– High White and Colour Light Output of up to 3,000 lumens for easy daytime viewing.

Epson EH-TW5200

Bright, Full HD 2D and 3D projector for gamers, film fanatics and sports fans.

– An equally high White and Colour Light Output of 2,000 lumens with 15,000:1 contrast ratio for bright, immersive entertainment moments.
– Utilising Radio Frequency (RF) 3D glasses (not included) and supporting a wide range of 3D sources[24].
– Easy to set up thanks to horizontal and vertical keystone correction and MHL connectivity via HDMI.

Epson EH-TW6100

Full HD projector for film enthusiasts, gamers and sports fans. Very easy to set up and use, and includes high-end features.

– Superb, bright Full HD 3D images even in daylight with 2,300 lumens Colour Light Output.
– Supports a wide range of 3D sources, including 2 x HDMI 1.4 inputs.
– Includes 1 pair of Radio Frequency (RF) compatible 3D glasses*24.
– Easy to set up and use with horizontal and vertical keystone correction, auto-colour optimiser, powerful zoom and built-in 20W speaker.

Epson EH-TW6100W

This Full HD cinematic projector delivers bright, high definition 2D and 3D home cinema, gaming and sports, with the added flexibility of 'real time' responsive WirelessHD connection.

– Versatile wireless 2D and Full HD 3D*25 connection, plus new wireless transmitter with 5 HDMI inputs.
– Superb, bright Full HD 3D images even in daylight with 2,300 lumens Colour Light Output.
– Includes 1 pair of Radio Frequency (RF) compatible 3D glasses*24.

Epson
Technology

Epson has a proud history of leading the way in global technological innovation throughout our whole product range.

Epson
Technology

From inks, printers and media that work perfectly together to the latest scanning and projector technologies, we are constantly striving to make our products better, more cost-effective and easier on the environment.

Epson Connect

Go wireless! Easy printing from your smartphones and tablets*2.

Epson iPrint*5

Free app that enables printing and scanning between your smartphone, tablet and Epson printer.

Epson Scan-to-Cloud*5

Scan files directly to Cloud services for sharing or storage.

Epson Email Print*5

Send documents via email to print from anywhere.

Epson Remote Print Driver*5

Print via your print driver anywhere in the world.

Epson Creative Print*6

Create greeting cards, print your favourite photos direct from Facebook and much more.

Compatible Services

Apple AirPrint*3

Makes it simple to print your emails, photos, web pages and documents directly from your iOS device to an AirPrint-ready Epson printer.

Google Cloud Print

Print on the go from your smartphone or computer, directly from Chrome OS and Google Cloud Print™-enabled apps to a Google Cloud Print-ready Epson printer.

Epson Micro Piezo®

This exclusive ink delivery system creates precise, perfectly formed ink droplets for superb results at high speeds.

– Ink is placed efficiently and accurately.
– Large ink droplets for areas of the same colour and small ink droplets for detailed areas.
– Unlike other systems the ink is not heated but propelled by electricity, which is cleaner and more reliable.
– The Micro Piezo printhead lasts the life of the printer which keeps costs low and is easier on the environment.

Epson Micro Piezo printhead delivers precision droplets for perfect prints.

Competitor thermal ink technology.

Epson Easy Photo Fix

Epson Easy Photo Fix is a scanning technology that automatically finds defects in photos and corrects them to guarantee the best results every time.
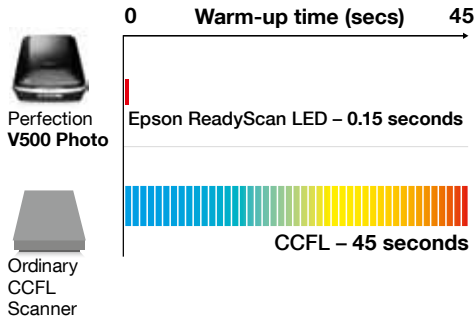

– Simple system that recognises the source and type of original and crops, optimises and scans the image.
– Scan and fix problem photos, slides or negatives (where applicable) with just one click.
– Restore faded colours, remove dust and correct backlighting.

Before

After

Restores faded photos back to their original colours.

Before

After

Removes dust from images.

Before

After

Automatically corrects backlight.

Epson ReadyScan

Enjoy instant scanning and lower energy costs with virtually no warm-up time, less heat and low power consumption.

– Epson ReadyScan LED (Light Emitting Diode) technology is replacing traditional CCFL (Cold Cathode Fluorescent Lamps).
– Efficient LED white light means fast overall scan speeds.
– Power is reduced by 20% during operation and 44% during stand-by, and the mercury-free lamp is kinder to the environment.

Digital ICE™ Technologies

Our high-end scanners feature this technology which takes old, dusty or scratched film and slides and scans them to look as good as new.

– Remove the appearance of dust, hairs, scratches and fingerprints from scanned film and slides.
– Infrared light picks up defects for removal by the scanner software.
– Images are scanned twice – to collect colour information and defects – then the two images are compared and the defects removed.

Perfection **V500 Photo**

0   Warm-up time (secs)   45

Epson ReadyScan LED – 0.15 seconds

CCFL – 45 seconds

digital ICE technologies

Wi-Fi Direct

Wi-Fi Direct™ makes printing without wires so much easier, as it allows you to print from wireless devices without having to connect to a router.

With Wi-Fi Direct, there's no need for a permanent internet connection or Wi-Fi network. Simply connect your smartphone, tablet or laptop to your Epson printer's Wi-Fi signal, and select your photo or document to print wirelessly. No wires, no router, no fuss.

Colour Light Output

Thanks to our 3LCD technology, our projectors have equally high White and Colour Brightness. This means that our projectors deliver up to three times brighter colours than 1-chip DLP projectors, giving you high quality, bright projections in the comfort of your home.

Up to
3x
BRIGHTER COLOURS
with Epson Projectors*26

Epson 3LCD technology

Epson's exclusive technologies deliver rich, superbly detailed images exhibiting smoother texture and richer blacks than ever before.

However fast moving or detailed you like your games, movies or sports, Epson's 3LCD technology delivers equal Colour and White Light Output for bright, natural images that are smooth and easy on the eye.

Single panel system

ENGINEERED FOR YOU

EPSON®

EXCEED YOUR VISION

Epson
Inks and Paper

Some things just work better together. That's why Epson offers the complete printing solution of printer, ink and paper.

Claria Ink range

Whether you're printing coursework for school, creating family photo albums or looking to display your latest photography skills, Epson have developed a range of inks to suit the way you print.

CLARIA HOME INK
DESIGNED FOR EVERYDAY PRINTING

CLARIA PREMIUM INK
DESIGNED FOR OUTSTANDING PRINTS

CLARIA PHOTO HD INK
DESIGNED FOR EXCEPTIONAL PHOTOS

Epson Claria Home Ink

A new, versatile four-colour ink set that delivers crisp, clear text documents and glossy, lab-quality photos. Ideal for those who are looking for affordable, reliable printing without compromise.

– Print high-quality documents and glossy, lab-quality photographs.
– Save money with individual inks – only replace the colour used.
– Easily recognisable Daisy image.
– Page yields displayed clearly on each pack.

Compatibility
Expression Home XP-212 / XP-215 / XP-312 XP-315 / XP-412 / XP-415

Epson Claria Premium Ink

Produce crisp, clear text documents and outstanding glossy photos with sharp detail, deep blacks and rich, vibrant colours. A perfect balance for the modern home.

– Features an additional photo black ink for enhanced, more natural photo reproduction.
– Save money with individual inks – only replace the colour used.
– Easily recognisable Polar Bear image.
– Page yields displayed clearly on each pack.

Epson Claria Photo HD Ink

Ideal for keen photographers looking to produce superior-quality, six-colour photos with smooth tonal gradations and deeper, more natural blacks.

– Exceptional, six-colour photo quality on a range of media.
– Produces photographs with high contrast, natural skin tones, smooth gradations and deep blacks.
– Easily recognisable Elephant image.
– Page yields displayed clearly on each pack.

Epson DURABrite Ultra Ink

Epson's DURABrite Ultra Ink is ideal for producing laser-like, business documents. Thanks to its all-pigment ink system, documents are water, smudge and highlighter resistant and its quick-drying properties make it perfect for duplex printing.

– Print durable, laser-like business documents.
– Water, smudge and highlighter resistant.
– Save money with individual inks – only replace the colour used.
– Choose XL inks for high-volume, low-cost printing.

Compatibility
Pen and Crossword series: WorkForce WF-2010W
WF-2510WF / WF-2520WF / WF-2530WF / WF-2540WF
Apple and Stag series: WorkForce WF-3520DWF
Alarm Clock series: WorkForce WF-3620DWF /
WF-3640DTWF / WF-7110DTW / WF-7610DWF /
WF-7620DTWF
Pisa Tower series: WorkForce Pro WF-4630DWF /
WF-4640DTWF

Save money with XL inks

Epson's latest Claria and DURABrite Ultra Ink ranges are available in standard and XL sizes, with page yields displayed clearly on the front of each pack making it even easier to decide which cartridge size suits the way you print.

Choose standard inks for occasional, affordable printing or XL inks for high-volume, low-cost printing.

Standard inks   **XL inks**

Paper stacks are for illustrative purposes only.

Epson AcuBrite Toner

Epson AcuBrite toners produce professional quality laser prints, with crisp, clear, reliable text and lifelike glossy images.

– Incredibly smooth and accurate results with superb stability and uniform coverage.
– Specially-developed pigments produce high-quality, vibrant colour prints.
– Special resin guarantees a glossy finish.

AcuBrite toners offer improved transfer of toner to paper, which significantly reduces waste in everyday use. They are part of our commitment to producing more ecologically-friendly products.

Epson UltraChrome Hi-Gloss2 Ink

Epson UltraChrome Hi-Gloss2 Ink offers vibrant colours and long-lasting prints on a variety of media. Ideal for amateur photographers and crafters, it provides the highest possible gloss finish for a pigment ink and outstanding durability.

– High-performance eight-colour ink set.
– Expanded colour gamut with more vivid oranges, true-to-life skin tones and accurate blue and green tones.
– Clear gloss optimizer for a superior glossy, ultra smooth finish.
– Superior durability with long-lasting results guaranteed.

Epson UltraChrome K3 Ink with Vivid Magenta

Perfect for fine art, proofing and photography, UltraChrome K3 Ink with Vivid Magenta enables image professionals to achieve accurate colour reproduction and image quality. With beautiful, true-to-life skin tones and intense colour.

– Versatile nine-colour ink set.
– Wide colour gamut with improved colour consistency and smooth tonal gradation from shadow to highlights.
– Three black inks for superb grey balance and creative control over black and white prints.
– Prints last a lifetime in display conditions without fading.

Compatibility
Turtle series: Stylus Photo R3000
