

## Product specifications

	SureColor <b>SC-F7100/7000</b>	SureColor <b>SC-F6000</b>
Maximum roll width	64 inches	44 inches
Printing technology	PrecisionCore TFP printhead (single)	PrecisionCore TFP printhead (single)
Print resolution	720 × 1440 dpi	720 × 1440 dpi
Print speed	Max print speed	Up to 58.9m <sup>2</sup> /hour
	Quality print speed	3 pass: 22.2m <sup>2</sup> /hour (approx)
Heater	Post heater (SC-F7100 only)	No
Paper handling	Roll media	Single roll feeder and auto take-up reel (up to 40kg) Winding accuracy +/- 2.5mm (SC-F7100 only)
	Roll dimensions	Width: 300 – 1,625.6mm (64-inch)
	Media thickness	0.08 to 1mm (Over 75gsm)
Connectivity	USB 2.0, Ethernet 100/1000Base-T	USB 2.0, Ethernet 100/1000Base-T
Ink	Ink type	UltraChrome DS Dye Sublimation Ink
	Number of inks	4 colours (Cyan, Magenta, Yellow, Black)
	Ink tank capacity	1,500ml simple refilling process
Power supply	AC 100-240V 50/60Hz	AC 100-240V 50/60Hz
Dimensions (W × D × H)	2,620 × 1,198 × 1,311mm SC-F7000 - D:915mm (max. 1259mm for operation)	1,698 × 917 × 1,128mm
Weight	269kg (without ink), SC-F7000 225kg (without ink)	90kg (without ink)
Warranty <sup>3</sup>	<ul style="list-style-type: none"> <li>- 1-year on-site service<sup>4</sup></li> <li>- Cover+ 3-year onsite extended warranty (Standard plus 2 years)</li> <li>a Excluding printhead</li> <li>b Including printhead (max one per year)</li> </ul>	<ul style="list-style-type: none"> <li>- 1-year on-site service<sup>4</sup></li> <li>- Cover+ 3-year onsite extended warranty (Standard plus 2 years)</li> <li>a Excluding printhead</li> <li>b Including printhead (max one per year)</li> </ul>

## Ink and consumables

UltraChrome DS Black T741100 (1lt x 6 packs)	C13T741100
UltraChrome DS Cyan T741200 (1lt x 6 packs)	C13T741200
UltraChrome DS Magenta T741300 (1lt x 6 packs)	C13T741300
UltraChrome DS Yellow T741400 (1lt x 6 packs)	C13T741400
Auto cutter spare blade S902006	C13S902006
Maintenance box for SC-F6000	C13T619300
Waste ink bottle	C13T724000
Maintenance kit for SC-F7100	C13T724200

<sup>1</sup> Dye sublimation process requires a heat press. <sup>2</sup> For an optimum quality, it may be recommended leaving the printed roll to dry. Consult with local Epson representative for further information. <sup>3</sup> Warranty offers are not available for all countries. Please contact your local Epson representative. <sup>4</sup> The 1-year and 3-year warranties listed exclude parts which normally require replacing during the lifetime of the product, or any component within the printer which reaches the end of its life through normal wear and tear. <sup>5</sup> The 4-colour Epson dye sublimation inks used in the Epson SureColor SCF7000/SC-F6000 series printers, when applied to polyester fabrics, pass the requirements of the Oeko-Tex Standard 100 for human ecological requirements of Class I products for adults, children, and babies up to 36 months. Oeko-Tex Standard 100 specifies testing criteria for the presence of harmful substances within a textile product. The standard belongs to the International Association for Research and Testing in the field of Textile Ecology (Oeko-Tex).

## Options

Epson genuine ink supply system	C12C890921
Epson initial ink pack set 1	C12C890941
<b>For F6000</b>	
Epson ink supply system cover 2	C12C890981
Roll media adapter SC-F Series	C12C811391
<b>For F7100/7000</b>	
Media holding plate	C12C891191
Epson ink supply system cover 1	C12C890931
Substrate support system Surecolor SC-F7100	C12C815441
Substrate support system Surecolor SC-F7000	C12C815381

## What's in the box

Ergosoft Sublimation Edition Pro (SC-F7100/7000 only)
User manual (CD)
Power cable
Set-up guide
Warranty documents
Maintenance kit (SC-F7100/7000 only)
Waste ink bottle (SC-F7100/7000 only)

# SureColor SC-F Series

# One product series Many applications

Explore the potential of Epson's SureColor dye-transfer sublimation range – offering everything a business needs when it comes to creative print applications, from promotional merchandise and gadgets through to household items, high-impact soft signage, interior décor and clothing.

## SC-F7100/7000

64-inch dye-sublimation printer

## SC-F6000

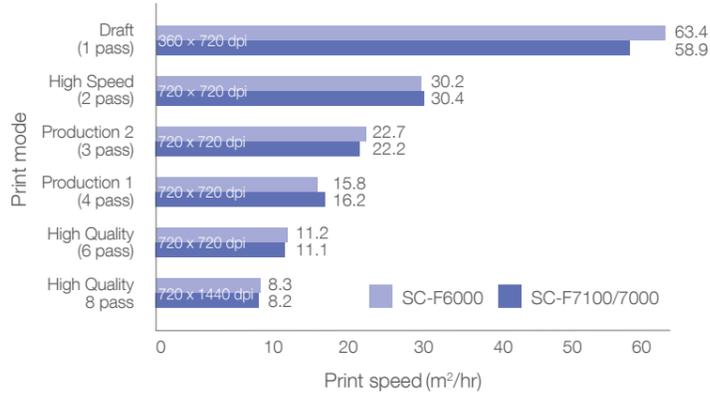

44-inch dye-sublimation printer

### The SureColor SC-F Series has been designed to deliver the benefits you need<sup>1</sup>.

The result is that quality, performance and reliability are optimised to deliver maximum productive uptime and profit at a low total cost of ownership.

Epson offers three ways to get set-up with dye-sublimation depending on the choice of width, applications and substrates - SC-F7100, SC-F7000, SC-F6000 and with them, you can offer exactly the right range of print production services to your customers.

**Laser-welded chassis**  
High-rigidity, laser-welded frame created using precision-engineering and robotic technology reduces shudder while printing for consistent results.

**1.5-litre ink system**  
Integral refillable 1.5-litre ink system with 1-litre ink pouches achieves cost savings and environmental benefits.

**Winder**  
The SC-F7100 provides tight and highly accurate winding ( $\pm 2.5\text{mm}$ ) ideal for calender heat press systems, which is key in the digital textile industry<sup>2</sup>.

**Post heater**  
The SC-F7100 includes a large post heater as standard, achieving fast drying speeds to increase productivity and enable quicker turnaround times.

### Sportswear and general apparel

Increasingly, consumers want choice (of style, colour, fabric and cut) and customisation, creating business opportunities in short-run – and even one-off – garment printing.

### Soft signage

Polyester fabrics are fast replacing PVC, vinyl and paper for exhibition graphics and retail POP/POS flags and banners.

### Interior decor

Curtains, blinds, wall hangings, upholstery, cushions, beanbags, ceramic tiles – in fact any plastic, MDF or metal surface – all offer possibilities for new products, often incorporating crisp photo-personalisation.

### Under one roof

The SC-F Series is the first product range in this sector in which all components, from ink and printhead to printer chassis and optional accessories, are designed and manufactured by one company.

## “Excellent graphic images on suitable pre-coated substrates”

**Duncan Ferguson**  
Director, Pro-Graphics, Epson Europe

### Giftware and promotional products

Dye-sublimation is excellent for personalising a huge variety of accessories, from fashion items (bags, backpacks, purses, wallets, etc.) to gadgetry (smartphone and tablet cases, for example) and more besides.

### ErgoSoft - Epson Professional Sublimation Edition

Epson Professional Sublimation Edition is a high-value rip solution offered with the SureColor SC-F7100/7000 as a complete package to meet the high standards of sublimation professionals.
