# IMMERSE YOUR PRINTS IN COLOUR

EPSON®
EXCEED YOUR VISION

PICTURE THE POTENTIAL

PRINT QUALITY YOUR PHOTOS DESERVE

The SC-P400 combines professional pigment inks and enhanced connectivity in one affordable package. Ideal for creating glossy photos in sizes up to A3+, it provides the ideal entry into professional photo printing. It also comes with a range of mobile printing options and flexible connectivity features, making it extremely easy to use.

FLAWLESS PRINT FINISHING

Create glossy photos with a wide range of vivid colours thanks to a seven-colour UltraChrome HiGloss2 ink-set with gloss optimiser. Picture the potential for your photography – with a high gloss level, a wide colour range and exceptional printing resolution, your images benefit from the extremely accurate, professional-looking print.

BRING YOUR IMAGES TO LIFE

FLEXIBLE PRINT FORMAT

Designed to give photographers the choice to display their prints on different media, the SC-P400 supports fine art, glossy and matte papers, up to A3+ in size and up to 1.3mm thickness. The ability to load paper from the rear allows you to print onto fine art paper easily, while printing on 2-inch core roll media allows the print of panoramics and individual formats. CD and DVD printing is also supported.

FAST PRINT CONNECTIVITY

Designed for maximum connectivity, the printer features built-in Ethernet and USB capability as well as Wi-Fi for wireless printing from PCs, tablets and smartphones, supported by the free Epson iPrint App.

COMPACT AND ENERGY EFFICIENT

This stylish desktop printer is the smallest and lightest A3+ photo printer using pigment inks on the market[1] and complements any home, studio or office environment, also considering its low power consumption.

Glossy

Wi-Fi®

1 - Compared against competitors' A3+ photo printers with pigment inks and a 7-colour or greater ink-set available as of July 2015
