HIGH GLOSS LABEL

Suggested applications

- Product labels
- Barcode labels
- Box labels for consumer products

High gloss coated, white labels delivering high-quality printing with DURABrite Ultra pigment inks thanks to a highly absorbent, micro-porous surface structure. Printed ink dries immediately and with excellent moisture, heat and water resistance, a robust, long-lasting label is produced every time. Permanent acrylic adhesive ensures excellent adhesion to a wide variety of surfaces.

PE MATTE LABEL

Suggested applications

- GHS chemical labels
- Pharmaceutical labels
- Laboratory labels

White matte inkjet synthetic labels compliant with the BS5609 standard for GHS chemical labels. Resistant to water, heat and most chemicals, these PE-based labels can be used for smudge-proof, accurate and scannable full colour printing. A water-borne acrylic adhesive delivers excellent adhesion and UV-stability for permanent, reliable, on-demand results.
