

LABELWORKS FOR ENTERPRISE

Whatever your labelling needs are, LabelWorks label makers and their supplies make organisation easy and increase your efficiency.

Effective administration is all about being organised. Clearly labelling cupboards, boxes, drawers and trays, as well as the documents and files that go in them, makes it much quicker and easier to find what you need.

Everyday admin and archiving tasks become much more efficient with LabelWorks label makers, which enable you to create custom labels in seconds. You can even colour-code your filing thanks to a huge choice of label colour combinations.

As LabelWorks label makers are highly portable and can be used on the move, they're great for lots of other tasks around the office, like asset tagging. Labelling computers, telephones, desks and more with numbers or barcodes helps prevent theft, makes financial accounting easier and assists IT departments in keeping track of essential equipment.

A wide range of labels in different colours, sizes and finishes are available. Brightly coloured labels help staff identify files quickly, while black labels with white text provide more discreet labelling for tagging office furniture. Specialist labels such as cable wraps and glow-in-the-dark labels for store cupboards ensure every office labelling task is taken care of.

Frees up time for other tasks

- Get jobs done quickly with a print speed of up to 35mm/sec
- Faster tape changes thanks to simple side-loading tape feed
- Easy for anyone to use, with front operation and automatic cutter
- Choose from existing label templates or create custom designs
- Easily recall labels you have already created

Helps budgets go further

- Save money with the longest tape length on the market
- Change tapes less often thanks to smaller print margins

LabelWorks LW-600P for custom admin, filling and asset tagging labels up to 24mm wide

Easily create, save and recall label designs

Create and print labels from a PC or mobile iOS™ and Android™ devices

Enjoy better value for money with longer tapes and smaller label margins

Use on a desktop with included AC adapter or on the move with batteries

Improve productivity with a print speed of up to 15mm/sec

Share with multiple users without a network using Bluetooth connectivity

Operate easily with front facing controls and side-loading tape feed

Includes one nine-metre tape (black on white standard tape, 24mm)

Recommended tapes

Black on white or yellow
Glossy white or yellow surface printed with black text. Ideal for filing and archiving.
Available from 6mm to 24mm widths

Black on red pastel
Pastel red with black text - a more subtle option. Ideal for labelling office furniture.
Available from 6mm to 24mm widths

White on black
Black tape with white text that's more discreet but still easy to read. Ideal for asset tagging.
Available in 12mm and 18mm widths

Labels designed to last
Epson LabelWorks tapes are designed to last, fully tested for durability. Up to 9 metres of tape per cartridge and smaller margins mean more labels for your money.
