

DataMaster Document Imaging Awards 2025

Best Work Group Multifunction Printer A4 Colour MFP

Epson AM-C550

Productive in print, copy and scan modes, the winners of this award provide all the functions high-end office copiers always have. The Epson AM-C400 and 550 performed very well in our lab tests. They are very productive, flexible, deliver high quality print and scans, and are easy to use.

DataMaster Lab is completely independent and objective.

DataMaster Lab is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
